

## PLANS FOR SHELTON WAYNE HOME; \$20,000 WAREHOUSE ON LEON ST.

Arms Company to Build Two Story Building on Texas Street; Baskin & Co Having Plans Drawn for Big, Fireproof Warehouse; James L. Marr & Co. Announce Many Sales During the Past Week.

PLANS are being prepared for a two-story building which will be the future home of the Shelton Wayne Arms company. The building will be located on property recently purchased by the company from J. E. Morgan and located on the north side of Texas street, between S. and N. Kansas street, adjoining the Tri-State Motor company's former building on the west. The property has a 30-foot frontage. The building will cost \$20,000. Trest & Trest are the architects.

**\$20,000 Warehouse.**  
Trest & Trest are also preparing plans for a \$20,000 warehouse for Baskin & company to be located on Canal street near Leon street. The structure will be of reinforced concrete with basement and one story. The foundations will be put in to carry two additional stories.

A. G. Trest is having plans prepared for a five-room bungalow at the corner of Gramma and Tulare streets to cost \$4,000. The home of O. H. Polm at Copper and San Marcial streets is about completed. It is two stories in height and has eight rooms and cost \$7,000.

**Marr & Co. Sales.**  
James L. Marr & company announce the following sales:  
James L. Marr & company to Mrs. Mary Wagner, lots 8 and 9, block 7, China Vista addition, \$125.

Mrs. Maude Wiley to Mrs. L. Camp-

## PURE RICH BLOOD PREVENTS DISEASE

Bad blood—that is, blood that is impure or impoverished, thin and pale—is responsible for more ailments than anything else.

It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles. It is responsible for run-down conditions, and is the most common cause of disease.

Food's Sarsaparilla is the greatest purifier and enricher of the blood the world has ever known. It has been wonderfully successful in removing scrofula and other humors, increasing the red-blood corpuscles, and building up the whole system. Get it today.—Adv.

## BETTER THAN SPANKING

Spanking does not cure children of bad setting. There is a constitutional cause for his trouble. Mrs. M. Summers, Box W, Goetz Dams, Ind., will send free to any mother or successful home treatment, with full instructions. Send no money, but write her why if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures dandruff and head people troubled with itching scalp by day or night.

## LAND LOAN BILL IS COMPLETED

Would Provide Farm Mortgage Credits Under Control of Federal Board.

Washington, D. C., Dec. 25.—Informal approval has been given by almost the entire membership of the joint congressional committee on rural credits to a land loan bill which senator Hollis is to present to the committee formally January 2.

The bill would provide a comprehensive farm mortgage credit system under the control and supervision of a federal land bank board, of five members, to be appointed by the president with the approval of the senate. The country would be divided into 12 districts, each with a regional land bank having a capital stock of \$500,000, to be issued in \$10 shares for purchase by the public. Any such stock not taken within ninety days by private capital or by a local loan organization contemplated by the bill, would be subscribed by the federal government.

**How to Make Loans.**  
Business would be done directly between the regional banks and the local bodies which farmers would be authorized to organize in the form of co-operative farm loan associations or joint stock banks, chapters for which would be passed on by the land bank board. Applications for loans approved by the local organizations would be recommended to the regional bank of the district. The banks would be authorized to loan out capital stock or to sell bonds to obtain sufficient funds to make the loans, and the farmers would be charged as interest in the interest on the bonds plus one percent in order to reduce the rate of interest on the bonds, the bill will provide they must be acceptable by the banks as security for the deposit of public funds.

**Would Appraise Land.**  
The borrowing associations would be divided into two classes, those organized with limited liabilities, and those with unlimited liabilities. They would appraise the land on which a farmer sought to obtain money and would themselves become liable for the loan. Thus, the bonds would be backed by the regional banks, the local association, the borrowing farmer and a

**EASTERN FREIGHT EMBARGO IS AFFECTING SOUTHWEST**  
Houston, Tex., Dec. 24.—The freight embargo in and around New York is seriously affecting the southwest, railroad officials here say.  
The fact that Houston, Galveston and other cities cannot get their full quota of freight by steamer from New York is not only causing a shortage in supplies but is forcing many firms to have their shipments routed all rail from east and west points at a much greater expense.

## AN OUTING COSTUME

By LA RACONTEUSE.  
ONE of the many smart outfits for outdoor wear. In this, white and black velvet and deep bands of seal are used. Over a full short skirt of black velvet, a coat of the white velvet falls to the knees. A crushed girde of self material confines the fullness at the waistline. A muff collar, deep cuffs and border of seal fur afford rich trimming.

**SINCLAIR WILL DISPOSE OF FED LEAGUE PLAYERS**  
New York, Dec. 24.—Harry F. Sinclair, owner of the Newark Federal league club, has taken the contracts of all Federal league players which are absolutely binding and will dispose of the players, according to a statement made today by Edward Barrow, president of the International league.

**MINER HELD FOUR DAYS UNDER COAL WILL LIVE**  
Shamokin, Pa., Dec. 24.—Joseph Renock, who was imprisoned four days ago by a rush of coal at the Richards colliery of the Reading company was dug out today and will live.  
For 96 hours 12 men in relays worked at the risk of their lives to rescue Renock.

**FIRST PAYMENT MADE FOR ST. LOUIS AMERICANS**  
St. Louis, Mo., Dec. 24.—The first payment for the St. Louis Americans, sold to Phil Ball and Otto Stiffel, owners of the St. Louis Federals, was made Thursday night. It was learned today. The amount was not divulged.

The Zeigler will serve a course dinner Christmas day, \$1.00 per plate.

## BURGARS TAKE CHRISTMAS REST

Police Reports Show Few Burglaries the Night Before Christmas.

A combination of circumstances, the embargo on crooks and criminals from the Mexican side and the fact that even professional burglars have a way of "letting off" during the Christmas festival, accounts for a very light record in burglaries in El Paso Friday night. The docket at the police station shows no large robbery or burglary offense for the 24 hours preceding Christmas day and the chief and only offences are too much Christmas and too deep a partaking of the cup that cheers.

**Christmas Eve Robbery.**  
Carlos Perez who lives at 785 South Oregon street had his home entered Friday night and robbed of a suit case, a pair of trousers, two silver necklaces and a suit of clothes.  
An overcoat valued at \$150 was stolen from the room of W. J. Manning, Friday night, at the Hollenbeck hotel on Texas street.

**Took Christmas Present.**  
Francisco Flores, a Mexican boy was placed under arrest Friday afternoon for robbing a box of Christmas handkerchiefs.

A wedding torch, valued at \$60, was reported stolen Friday afternoon from the plant of the El Paso Welding company.  
The Sunrise cafe, on South El Paso street, reported the theft of a loin of beef from the kitchen of that establishment on Friday night.

Out of their profits regional banks ultimately would refund to the government such money as it may have invested in the enterprise. Payment of the mortgage by borrowers would be made on the installment plan, running for a period not exceeding 48 years.

**Accept Savings Deposit.**  
The land banks would be permitted to accept savings deposits and in certain specified cases, to employ special agencies including trust companies and savings banks to make loans.

The completed bill is a compromise measure, embodying many of the features of the House-Bulley bill of the last congress, and most of the underlying principles of the Fletcher-Moss bill, fostered by the United States commission on the subject of rural credit. Fletcher, president of the commission, was in consultation today with the subcommittee and will support the measure.

## DAILY RECORD

**Building Permits.**  
To R. J. Leys, to build a frame garage at 1113 Terrace street; estimated cost \$18.

## VILLAGERS FIGHT FIRE AT COLLEGE

Springfield, O., Dec. 24.—The entire population of Yellow Springs, nine miles south of here, turned out this afternoon to fight fire that broke out in the boys' dormitory at Antioch college from an overheated furnace.

At 2 o'clock half of the dormitory had been destroyed, but the flames were reported under control. Few students were in the building because of the holiday season.

**CLIFTON MINERS ARE RESTRAINED**  
Tucson, Ariz., Dec. 24.—Judge Sawtelle, of the United States district court, granted today the petition of the Detroit Copper company for an order restraining striking miners of the Clifton-Morenci-Metrol district from interfering with assessment work on a number of the company's unpatented copper mining claims.
